

Visiting instructions

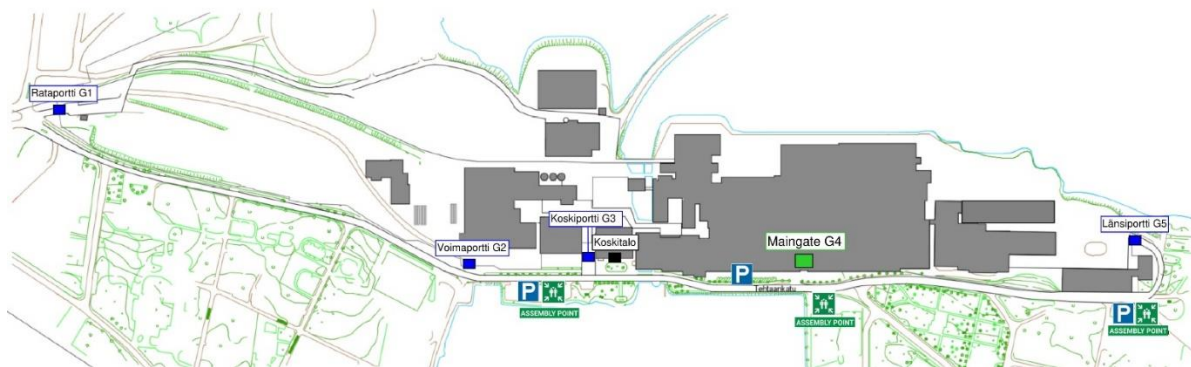

Metsä Tissue, Mänttä paper mill

1. Before the visit

Electronic access permit requests are submitted in advance to the access control system at <https://gates.metsagroup.com/>

2. Upon your arrival

The main gate and parking lot are located at Tehtaankatu 10. When you arrive at the main gate, report to the guard at the reception room. Please note that charging of hybrid and electric cars from the electric plugs in the factory parking areas is prohibited.

3. During the visit

Safety is number one priority. Always follow the instructions given by the contact person and act according to the mill-specific instructions. Visit in production areas requires the use of long length trousers. Hoodies are not allowed to be worn in production areas.

Also, please note that:

 bringing alcohol or other intoxicating substances or being under their influence in the mill area is strictly prohibited.

 smoking, including vaping and the use of snuff, is prohibited everywhere on mill area, including all parking spaces.

 taking photos in the mill area without permission is prohibited

 bringing glass bottles, glassware or snap-off knives to the mill area is forbidden due to a product safety risk.

Did you make safety observation?
